ABOUT US

PeerOne

PeerOne is on a mission to make college applications a stress-free process for every student. We help high school students meet 1-on-1 with real undergrads at their dream colleges

What students are saying about PeerOne

- “My mentor gave me information about the program I was applying to (info that I couldn’t find anywhere online). I loved my experience and it definitely eased my stress when applying to college. I enjoyed how my mentor is a current student and is very knowledgeable about the programs I was applying to. I appreciate how personal my experience was.”
(Jieli, Yale Class of 2026)
- “A fresh pair of eyes makes all the difference! My mentor Julia pinpointed a story I talked about briefly, and I had never realized how important that story was to me. It ended up being the highlight of my essay, and I feel so much better about how it's shaping up!”
(Amber, NYU Tisch Class of 2026 & Tisch \$110K Scholarship Awardee)

GREAT
COLLEGE
ADVICE

GCA

Since 2006, Great College Advice has provided students and families the highest standard of assistance in the college admission process.

How GCA is different

While we care about results, Great College Advice delivers a process that is transformational. The experience of preparing for life’s next big step is itself an opportunity to learn—about the world, about community, and about oneself. The college process is not just about the offer of admission—it is about preparing young people for life-long success.

“Mark’s best trait is that he brings absolute calmness to your child and family situation. He made everyone feel fantastic and at ease throughout the process. Mark is as good as it gets when it comes to serious college advice. When Mark sent us the final bill, I asked him to increase the fee because of the magnificent job he did for our family. My only advice is to hire him ASAP.”

Cole A. (Parent)

Results:

- 97% of GCA students have been accepted to one of their top three college choices.
- Ivy League success rates are 3-10 times greater with our help than without
